Results-driven Full Stack Developer with proven expertise in building dynamic, responsive websites through **Drupal**, **ReactJS**, and cutting-edge technologies. Skilled at architecting scalable solutions and optimizing performance to exceed client expectations. Demonstrated success managing complete project lifecycles from concept to deployment while maintaining strict adherence to industry standards. Known for delivering high-quality digital experiences that combine technical excellence with business value.

EXPERIENCE

Software Engineer

07/2021 - Present

Innoraft Solutions, Kolkata

Translated designs into websites and templates, built custom features and plugins that extend existing functionality.

- Designed and developed end-to-end web applications using **HTML**, **CSS**, **JavaScript**, **TypeScript**, **ReactJS**, **NodeJS** and **PHP**.
- Implemented Drupal's headless functionality to seamlessly integrate with React, delivering visually stunning and high-performing websites.
- Provided technical guidance and mentorship to junior developers.
- Worked closely with product managers, designers, and other stakeholders to deliver high-quality web solutions.
- Architected and implemented scalable and maintainable systems.
- Maintained, supported, refactored and upgraded past projects (typically, Drupal previous versions).
